Society of St. Vincent de Paul Camps &
Catholic Youth Organization Camps*

Outdoor Education

**Classroom education comes to
life on the shores of
Lake Huron!**

Why Camps Connect?

History

For several decades we have successfully hosted residential camping and organized retreats. We have now expanded into the world of Outdoor Education with a new and innovative curriculum designed to enhance classroom learning through active, hands-on experiences.

Facilities

Camps Connect has four lakefront properties. With sandy beach frontage on Lake Huron, the sites present a varied landscape of forests, streams, meadows, and playing fields.

Cabins and meeting rooms afford spectacular blue water views of the third largest of the Great Lakes and, for those who rise with the dawn, many a memorable sunrise.

Our facility and property provide a unique environment for human growth and learning designed to create impacting experiences that can be followed up back in the classroom.

Location

Located on the shores of beautiful Lake Huron, approximately 90 minutes from the Detroit and Flint areas, Camps Connect provides a convenient and affordable setting for school groups interested in Outdoor Education Programming.

Staff

Our staff is highly skilled and professional in their field of facilitation. They strive to actively engage students in learning activities to promote the transfer of learning.

Programming

Our programs are developed to build upon your curriculum through direct experiences not possible in the classroom. Learning is given deeper relevance through hands-on activities that span across the curriculum. Activities have been developed to meet MEAP standards.

Students will gain a better understanding of each other through team building initiatives and improve their self-esteem by stepping out of their comfort zones on one of our high ropes courses.

Adventure of a Lifetime

Camps Connect's Outdoor Education Program is designed to give students a safe and fun adventure. Students will return to the classroom with renewed enthusiasm for learning and greater respect for each other.

Rates and Fees

Whether you want a day or week adventure, Camps Connect has the program for you. Each day is filled with hours of educational instruction and recreational activities.

(fees include lodging, meals, and programming)

1 Day Program	\$40 per person
3 Day Program	\$120 per person
5 Day Program	\$200 per person

We can custom design a program to meet your needs and your budget.
